POP-UP BAKER'S BOX

This "S-Box™ for Cooks" is designed to house essential measuring equipment for the active kitchen.

Contains glass & stainless steel kitchen scales by Salter®
(for both solids and liquids), a stainless steel magnetic cooking timer, and a set of 4 measuring spoons (¼ tsp, ½ tsp, 1 tsp, 1 tbsp.).

This S-Box™ offers a practical solution for any kitchen island, and most importantly presents those key cooking and baking aids at the touch of a finger!

The option to 'customise' the top is built-in to each unit

Every S-Box™ Baker's-Box comes with a 3mm deep brushed stainless steel top and matching mounting collar as standard. In most designs this works perfectly well. However, to give the designer complete freedom . . . and an *infinite* range of options . . . . this top is remove-able so it can be replaced with any alternative (up to 12mm) material.

Surface-mount
(simplest 'custom' method)

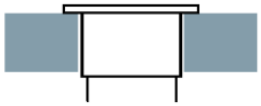
Inset
(rebated in 30mm+ thick material)

Under-mount
(only suitable for 20mm thick worktop)

TECHNICAL DATA

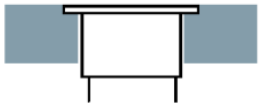
WAYS OF FITTING YOUR S-BOX

There are 4 possible ways of fitting your S-Box.
Please see website for full design guide drawings.

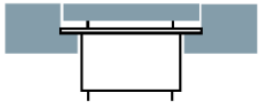


OPTION A
Standard Fit, Top Mounted with Standard Collar.

IMPORTANT
EXISTING STAINLESS STEEL TOP MUST BE REMOVED BEFORE FITTING ANY ALTERNATIVE



OPTION B
Flush With Work Surface. Approx 3mm rebate. Standard Collar.



OPTION C
Rebated for Custom Top (12mm max) in 30mm or greater material.

OPTION D
Under-mounted For Custom Top (12mm max) In 20mm Material ONLY.

OPTION D REQUIRES AN UNDERMOUNT KIT WHICH REPLACES THE STANDARD COLLAR

NOTE: Under-mounting kit should NOT be used unless access to its fittings are 100% available post-installation.

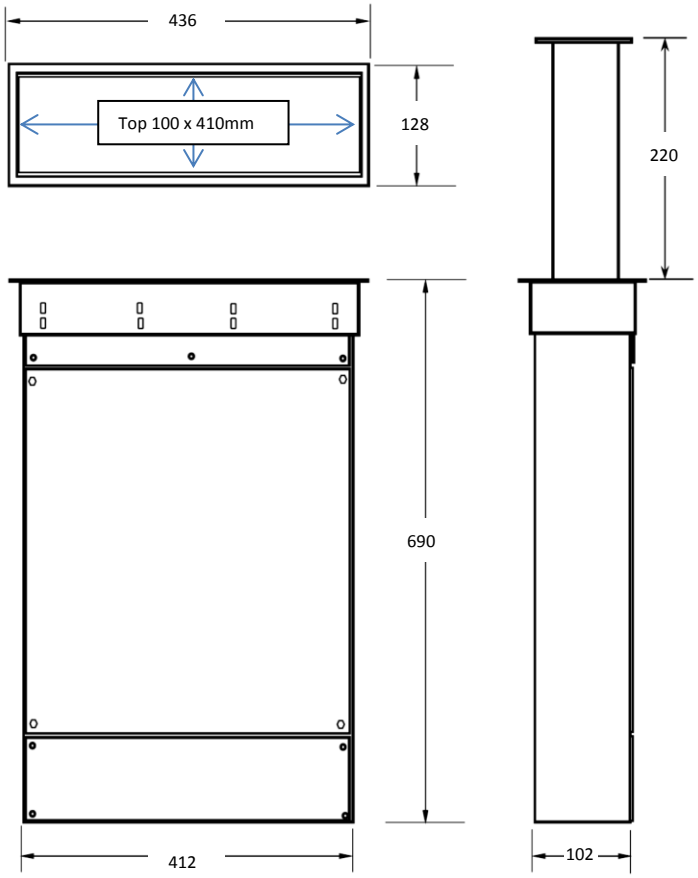
CUT OUT DIMENSIONS

OPTIONS A or B - 115mm x 425mm

OPTION C - As above plus additional 8mm rebate x 20mm deep

OPTION D - 103mm x 413mm (plus under-mount kit)

DIMENSIONS



The S- Box™ has been tested and certified by FIRA International BS 6222-2:2009 to 25,000 operations.
