3-PORT MODEL
CH Sockets

IP55 rating

USB option (5v 1a for phones) ↓

- Strong & Robust Construction
- Precision Stainless Steel Top
- ‘Clean-line’ styling
- Splash-tested
- Hot-Pan-resistant

CHAMELEON = ‘personalised-custom-top’ options!

Every S-Box™ power unit comes with a 3mm deep brushed stainless steel top and matching mounting collar as standard. In most designs this works perfectly well. However, to give the designer complete freedom . . . and an *infinite* range of options . . . this top is remove-able so it can be replaced with any alternative (up to 12mm) material.

Surface-mount
 (simplest custom method)

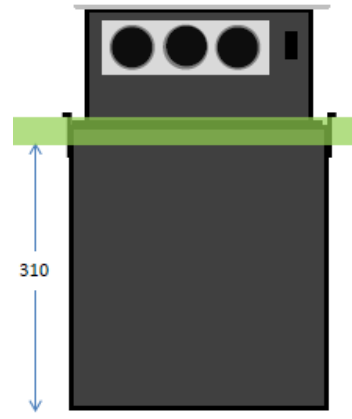

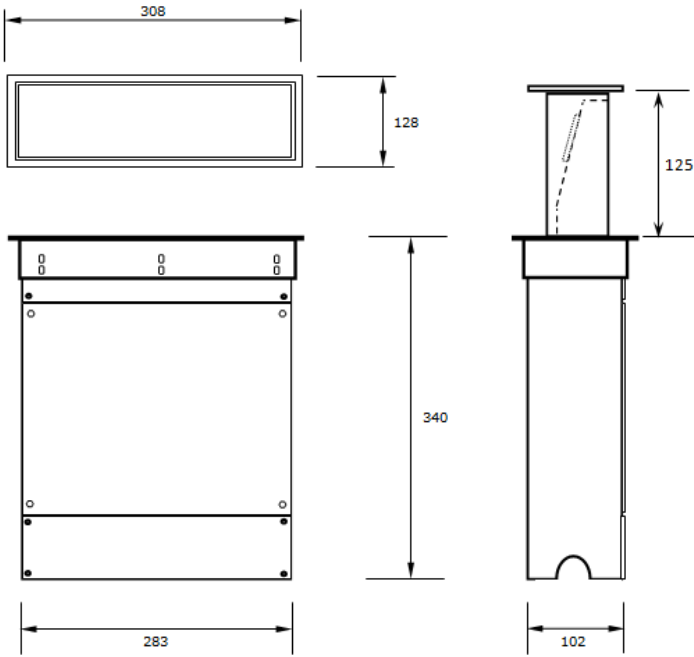

Inset
 (rebated in 30mm+ thick material)

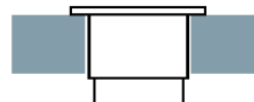

Under-mount
 (only suitable for 20mm thick worktop)

TECHNICAL DATA

WAYS OF FITTING YOUR S-BOX

There are 4 possible ways of fitting your S-Box. Please see website for full design guide drawings.

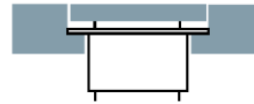

OPTION A
Standard Fit, Top Mounted with Standard Collar.

IMPORTANT
EXISTING STAINLESS STEEL TOP MUST BE REMOVED BEFORE FITTING ANY ALTERNATIVE

OPTION B
Flush With Work Surface. Approx 3mm rebate. Standard Collar.

OPTION C
Rebated for Custom Top (12mm max) in 30mm or greater material.

OPTION D
Under-mounted For Custom Top (12mm max) in 20mm Material ONLY.

OPTION D REQUIRES AN UNDERMOUNT KIT WHICH REPLACES THE STANDARD COLLAR

CUT OUT DIMENSIONS

OPTIONS A or B - 115mm x 295mm

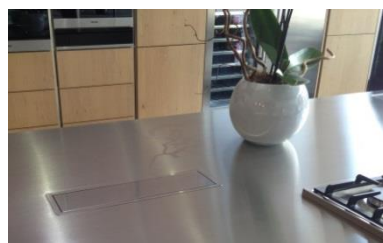

OPTION C - As above plus additional 8mm rebate x 20mm deep

OPTION D - 103mm x 284mm (plus under-mount kit)

NOTE: Under-mounting kit should NOT be used unless access to its fittings are 100% available post-installation.

KITCHEN
LOUNGE
DINING ROOM
BEDROOM
OFFICE

Note: This Power Box is an electrical product, and although splash tested as part of its Certification, installation within 1m of "wet" areas is not recommended. Installation should be undertaken by qualified electrical personnel and to local Code requirements.
