

# S-BOX<sup>TM</sup>

## CHAMELEON

**INTERNATIONAL POP-UP SOCKETS**

**WITH CAMOUFLAGE SKILLS**

**S-Box® Chameleon pop-up sockets are very special.**

Their patented 'instant lift' action not only delivers power points quickly, by the simple press of a finger (with no motor, no springs, and no gas struts to do so) they are also cleverly designed to use the project material as their custom top.

It is at last now possible to provide countertop power that is camouflaged in its surroundings . . . until it is actually required!

S-Box™ products are nothing like the plastic towers of the past. They are tough, stylish and discreet, and are built from solid steel.

**IN NATURE CAMOUFLAGE IS A MATTER OF SURVIVAL  
.. IN DESIGN IT'S A MATTER OF STYLE!**

**S-Box® Chameleon pop-up sockets are available in a range of International plug types and are used by Designers in over 60 Countries around the world.**

The S-Box™ socket box design has passed the very latest **Countertop Spill and Splash Tests** for use in **Wet Areas** so they are both a stylish and safe solution for providing convenient power in any work-surface or kitchen island.

NEC 2.2 litre  
(½ Gallon)  
Saline Liquid Spill Test  
406.5 (E)

- .. NO MOTOR
- .. NO SPRINGS
- .. NO GAS STRUTS

A “zero-energy” lift system that *adjusts* for different weight!

S-Box® Chameleon uses a 12mm (max) piece of your work-top material to create a blended and camouflaged installation.

The patented lift-action still pops-up smoothly whatever density of material is being used!

This is the engineering break-through that designers have been waiting for. A simple adaptable ‘lift-system’ for **any** material . . . from lightweight timber through to heavy-weight granite and quartz!

It is now possible to provide convenient countertop power without spoiling the clean lines of any design, or the beauty of a surface finish.

**S-Box®** socket box units are available in two sizes, offering either 2 or 3 'ports'. They are manufactured as complete sealed units with a 2.4m cable tail for connection to mains power by qualified electrician. This cable can also receive a plug if preferred.

**2-PORT (MINI)**

**3-PORT**

Units are available in range of international sockets

**TYPE G**  
BRITISH  
STANDARD

**TYPE F**  
EURO

**TYPE E**  
FR/BE  
PL/CZ

**TYPE L**  
IT

**TYPE J**  
CH

**TYPE B**  
US  
120v only

**TYPE I**  
AU/NZ  
(3-port only)

In ports 1 & 2 of the 3-PORT model only these modules can be fitted instead of sockets

**USB A+C 3A**  
230 v only

**RJ45**  
(Including connection tail)

**HDMI**

For domestic use in USA & Canada  
S-Box™ units are only supplied as **MINI TR**  
models **with Tamper-Resistant receptacles**  
– as required by NEC regulations.

These are available in 15A or 20A models

S-Box® Chameleon is suitable for *all* interior design

and allows imagination to run

**S-BOX™ CHAMELEON MODELS** are supplied with a special 'any-radius' black collar. This is pre-set and fixed for installation of the unit **at -20mm below the surface on a rebate shelf** – one that is pre-cut within (or 'created' below) the counter material. The unit is therefore ready to receive a piece of worktop material **up to 12mm thick maximum** – to be used as the unit's top.

A Stainless Steel trim for insertion into the rebate is also provided. →

*All S-Box™ Chameleon units drop into position from above. No fixings required. They are **SOLID STEEL ENGINEERING**.*

**CUSTOM TOP**

**REBATED HOLE**

**SEE CUTTING and INSTALLATION INSTRUCTIONS FOR ALL WORKTOP MATERIALS (30/20/12mm)**

## CHAMELEON 2-PORT MINI-GB

## MINI

Our smallest pop-up socket Model. Features **2 x BRITISH STANDARD** (Type G) plug sockets and on/off safety switch. Constructed in solid steel. Unit is pre-prepared to receive its own custom top (**up to 12mm max**).

13A 230V

**Code: SB-PS-MINI-CHAM-GB**

Dimensions (cm)

## CHAMELEON 2-PORT MINI - F

As above. Solid steel construction. Features **2 x EURO TYPE F** plug sockets and on/off safety switch.

15A 230V

**Code: SB-PS-MINI-CHAM-F**

Dimensions (cm)

## CHAMELEON 2-PORT MINI - E

FR/BE/PL/CZ/SL

As above. Solid steel construction.  
Features **2 x EURO TYPE E** sockets (with earth-pin)  
and on/off safety switch.

15A 230V

Code: SB-PS-MINI-CHAM-E

## CHAMELEON 2-PORT MINI - IT

As above. Solid steel construction.  
Features **2 x ITALY (Type L)** plug sockets and  
on/off safety switch.

15A 230V

Code: SB-PS-MINI-CHAM-IT

## CHAMELEON MINI TR 15 US

UL962A + NEC 2 litre (½ Gallon)  
Saline Liquid Splash Test 406.5

Features **2 x 15A US** Tamper-Resistant plug sockets (Duplex)  
and on/off safety switch.

Constructed in solid steel. Unit is pre-prepared to receive its  
own custom top (**up to 12mm max**).

**120V ONLY**

Code: SB-PS-MINI-TR-CHAM-15

## CHAMELEON MINI TR 20 US

UL962A + NEC 2 litre (½ Gallon)  
Saline Liquid Splash Test 406.5

As above.

Features **2 x 20A US** Tamper-Resistant plug sockets (Duplex)  
and on/off safety switch. **NB. Canada is now 20A only (for domestic use)**

**120V ONLY**

Code: SB-PS-MINI-TR-CHAM-20

## CHAMELEON 3-PORT - GB

# 3-PORT

Features **3 x BRITISH STANDARD** (Type G) plug sockets and on/off safety switch. Constructed in solid steel. Unit is pre-prepared to receive its own custom top (**up to 12mm max**).

13A 230V

Code: PS-CHAM-01-GB

## CHAMELEON 3-PORT - F

As above. Solid steel construction.  
Features **3 x EURO TYPE F** plug sockets and on/off safety switch.

15A 230V

Code: PS-CHAM-01-F

## CHAMELEON 3-PORT - E

FR/BE/PL/CZ/SL

As above  
Features **3 x EURO TYPE E** sockets (with earth-pin) and on/off safety switch.

15A 230V

Code: PS-CHAM-01-E

## CHAMELEON 3-PORT - IT

As above. Solid steel construction.  
Features **3 x ITALY (Type L)** sockets and on/off safety switch.

15A 230V

Code: PS-CHAM-01-IT

## CHAMELEON 3-PORT - AU

### AUSTRALIA/N.ZEALAND

Also suitable for Argentina

As above. Solid steel construction.

Features **3 x AU/NZ (Type I) 10A** plug sockets and on/off safety switch.

Includes  
Voltage reset  
button as per  
regulations

10A 230V

Code: PS-CHAM-01-AU

## CHAMELEON 3-PORT - US

As above. Solid steel construction.

Features **3 x US Nema15A (Type B)** plug sockets and on/off safety switch.

PLEASE NOTE THAT THESE SOCKETS ARE NOT "TR" (Tamper-Resistant) AND THEREFORE **NOT PERMITTED FOR DOMESTIC** USE WITHIN USA or CANADA

**120V ONLY**

Code: PS-CHAM-01-US

Dimensions (cm)

## CHAMELEON 3 PORT USB GB

## 3-PORT incl USB

Features **2 x BRITISH STANDARD (Type G)** plug sockets **plus 1 x A+C USB (3A)** NB. Please check your devices for charging power required. This USB unit delivers 5v x 3amp = 15 watts total)

Constructed in solid steel.

Unit is pre-prepared to receive its own custom top

13A 230V

Code: PS-CHAM-02-GB

**A+C USB**

Dimensions (cm)

## CHAMELEON 3 PORT USB F

As above. Solid steel construction.

Features **2 x EURO TYPE F** plug sockets **plus A+C USB (3A)** and on/off safety switch.

15A 230V

Code: PS-CHAM-02-F

**A+C USB**

Dimensions (cm)

## CHAMELEON 3 PORT USB E

FR/BE/PL/CZ/SL

As above. Solid steel construction.  
Features **2 x EURO TYPE E** plug sockets  
plus **A+C USB** (3A) and on/off safety switch.

15A 230V

Code: PS-CHAM-02-E

A+C USB

Dimensions (cm)

## CHAMELEON 3 PORT USB IT

As above. Solid steel construction.  
Features **2 x ITALIAN (Type L)** plug sockets  
plus **A+C USB** (3A) and on/off safety switch.

15A 230V

Code: PS-CHAM-02-IT

A+C USB

Dimensions (cm)

## COMMS OPTIONS (3-PORT UNITS ONLY)

HDMI or RJ45 MODULES CAN ALSO BE  
FITTED AT POSITION 1 AS STANDARD

HDMI = Code 03

RJ45 = Code 04

HDMI

RJ45

THESE UNITS ALSO INCLUDE EXTENSION TAIL AND 'FEMALE' CONNECTOR.

**S-BOX® CHAMELEON MODELS** are supplied **without a top**, and are designed to drop into a pre-cut hole in the Counter **on a rebate at exactly 20mm below the surface** i.e. a 'shelf' of material.

They are duly ready to receive their own matching piece of worktop (up to 12mm maximum thickness) to be used as the custom top.

CUTTING OF STONE MATERIALS SUCH AS GRANITE & QUARTZ IS A **FACTORY PROCESS** SO PLEASE INVOLVE THE FABRICATOR OF SUCH MATERIALS IN THE DESIGN & SPECIFICATION PROCESS

Router-tool follows instruction

Router-tool above material

Slicing off-cut for custom top

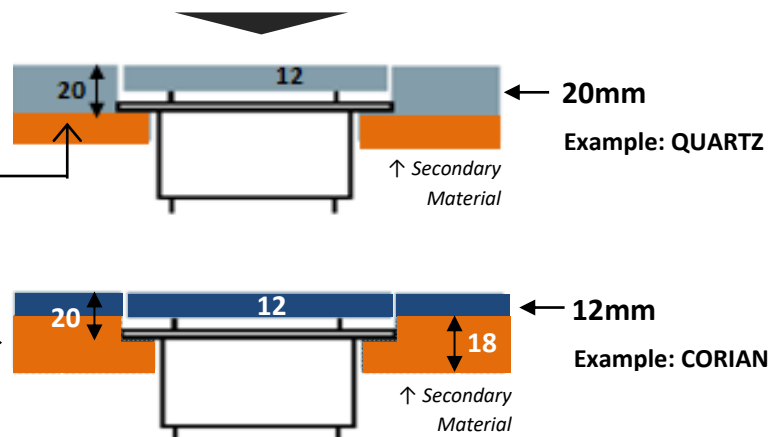

Router-tool cutting the hole

This rebate is either a **"True"** - one that is pre-cut by a router **within thick material (30mm and over)**

Example: GRANITE

**OR** it is a **"False"** rebate. This is one that is *created* directly below thinner material (20mm or less) by using a **secondary material bonded underneath** to 'create' the shelf.

Example: QUARTZ

Example: CORIAN

5-6 mm clearance for 'press down' action

FULL INSTRUCTIONS, DATA SHEETS, CAD FILES AND CUTTING DIMENSIONS FOR ALL INSTALLATIONS ARE LOCATED AT: <https://www.the-sbox.com/tech-data/>

As an alternative to the Chameleon we **do** have a simple and beautiful “surface-fit” range of all our models.

These units are complete, and ready to drop straight-in to any surface.

They feature their own brushed Stainless Steel Top and matching surface-collar design.

## Socket Codes

**2-PORT-MINI-SS + Socket Code**

**3-PORT-01-SS + Socket Code**

**3-PORT-02-SS + Socket Code**
