## POP-UP SOCKETS

2-Port (2 x Sockets)

Available in all major International Socket Types

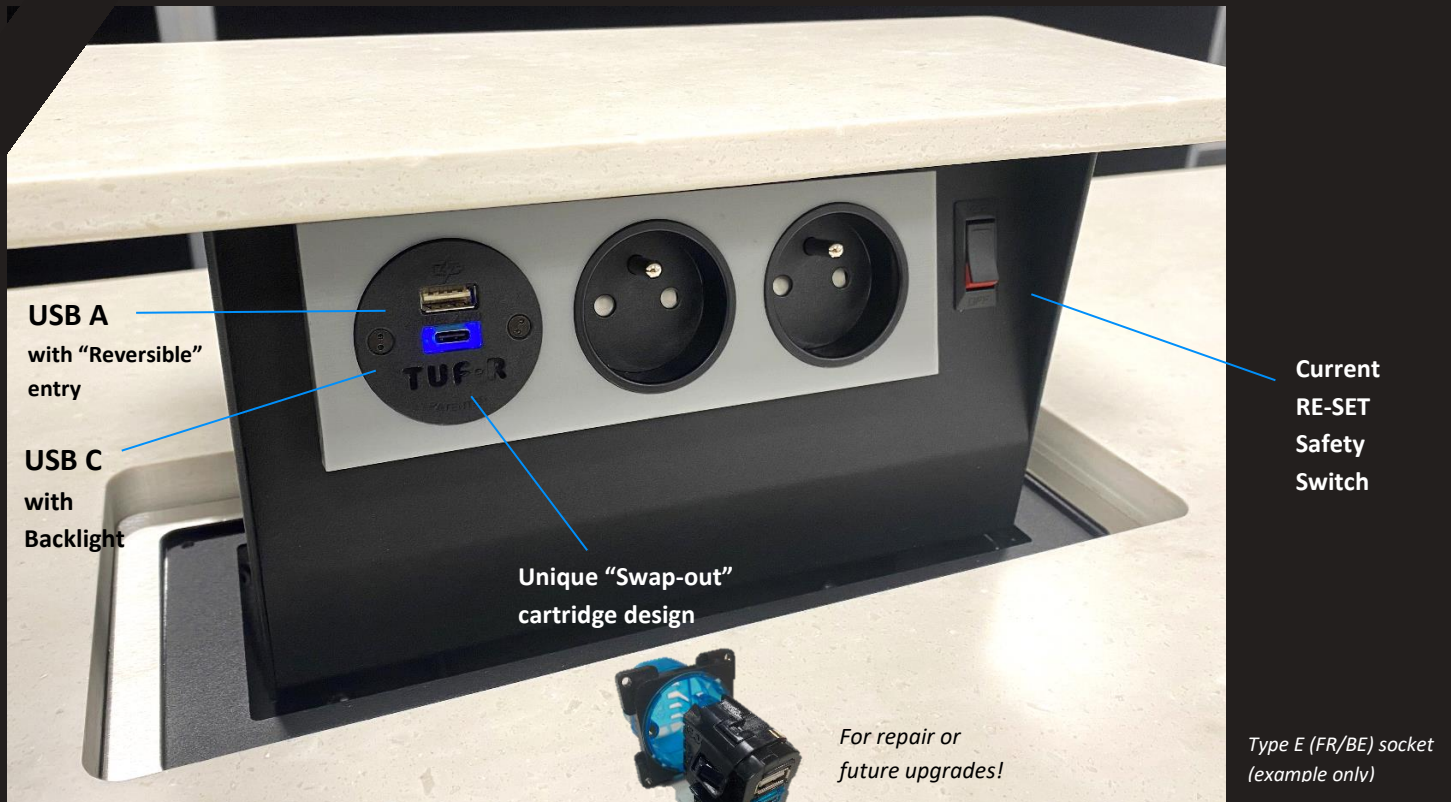

featuring

# "NEXT GENERATION" USB TECHNOLOGY

S-BOX™ 2012-2022

## 25 Watts of 'clever' power

The new TUF-R® A+C USB charger offers different supply voltages depending on the device being charged.

When a device is plugged in to either Type A or Type C socket a digital 'handshake' takes place allowing the TUF to charge the device at the optimum level.

USB Type C    5 Volts x 3 Amps = 15 Watts  
                    9 Volts x 2.22 Amps = 20 Watts  
                    15 volts x 1.65 Amps = 25 Watts  
                    20 Volts x 1.2 Amps = 24 Watts

USB Type A    5 Volts x 3 Amps = 15 Watts  
                    9 Volts x 3 Amps = 18 Watts  
                    12 volts x 1.5 Amps = 18 Watts

+ 'COMMERCIAL GRADE' OPTION  
WITH ULTRA-HIGH POWER of 72 WATTS!  
For Laptop/Tablet/MacBook® & Office

Provides: 60W to Type C  
12W to Type A
